 Lori Berkes-Nelson – 2014 - Present

"From a 'what if?' from Webbs came the creation of a powerful financial tool for the Rockford Park District. Created by visionary people dedicated to the District, its donors trusted the Foundation with their generous contributions, making what it is today."

- Kent Mallquist, former Board President

LEGACY OF A LEADER – WEBBS NORMAN

1933 - 2019

The Rockford Park District has been a very fortunate organization over the past 110 years. The original leaders had such great vision for this community to bring parks and play to families in 1909. In 1972, another great leader came on board and continued the vision of bringing fun for adults and children in our parks. Webbs Norman was not an ordinary man. He drove change forward, balanced tensions and risks, and made his dreams contagious. He raised the bar, elevating leaders and the workforce’s mindset, building partnerships, inspiring passions, and creating a positive culture that still exists today.

How did he get here?

In the summer of 1955, Webbs was hired as a summer playground leader in a pilot program for 10 playgrounds in Rockford. It was an incredible summer, and led Webbs to fully understand the importance of recreation for young people. It was his experience that summer that made him realize that parks and rec was going to be his chosen field.

What did he leave?

Webbs made changes over his 34 years as leader, but he kept the original mission of “Helping People Enjoy Life.” Park acreage grew to 4,574 acres. Sixty-one parks were developed, and user visits went from 1.5 million to 9.6 million. The successes he accomplished are what made the Rockford Park District what it is today.

Three sacred philosophies of Webbs

1. Our role in life is to fill needs and solve problems
2. Involve those who are impacted by the decisions you are going to make
3. If your values are clear, your decisions are easy

“The Rockford Park District was the perfect canvas for Webbs to paint his life’s work”

- Jay Sandine, Executive Director of the Rockford Park District

“He believed in us”

- Pastor Ken Board, Pilgrim Baptist Church

“He inspired us and helped develop the next generation of leaders”

- Mayor Tom McNamara

1920

Nicholas Conservatory & Gardens – 2019

THE ROCKFORD PARK DISTRICT FOUNDATION CELEBRATES 40 YEARS

2019 is a significant milestone for the Rockford Park District Foundation! We're celebrating four decades as an active nonprofit organization in this community, raising money for the Rockford Park District's many projects, youth programs, and facilities. We believe the success of the Rockford Park District is rooted in generous people linking arms with others to make significant change happen, and it has!

The Rockland Park Foundation was established on November 19, 1979. It was formed to make it easier to donate land, stock, or other gifts. In 1993, it was renamed the Rockford Park District Foundation, and was ready to spread its wings to a larger audience of donors. The board was comprised of community members and business owners who gave us more connections with citizens.

Today, our volunteer board assists in raising money as well as awareness about the exceptional work the Rockford Park District does every day. Since 1994, the Rockford Park District Foundation has raised more than \$51 million. Many of our beautiful parks and facilities today were gifts of land in the past. More than 40 percent of the District's parkland has been donated.

We want to thank all of our donors throughout the years who have helped make a difference in the Park District. Rockford has a deep history of givers large and small. Donors like Arlen Aumann, who wanted to honor his wife and purchased a Eclipse Lagoon brick; Norris and Margaret Aldeen, who donated their farm for a golf course, and Charlie Fry, who gives every year to Music in the Park.

Other donor examples are our friend Art Anderson, who worked tirelessly to raise money for the Field of Honor; Sundstrand Steak Club, which has donated to children's park district summer camps since 2009, and Winthrop and Harriett Ingersoll, who donated land for a golf course in memory of their son, Lt. Clayton Ingersoll. We are also grateful to Roland and Gladys Olson, who donated their 83-acre farm; the Atwood family, who made it possible to turn Camp Grant into a nature camp; the Rockford Area Gardeners of America that made it possible to have not only beautiful roses in the Sinnissippi Rose Garden, but an endowment to continue the care of the gardens, and the Nicholas brothers, who wanted to honor their parents with a conservatory for all to enjoy.

"I feel the Rockford Park District Foundation is one of the best things that has happened in Rockford. The community is blessed to have it and the wonderful dedicated people that run it and those who support it."

- David Wiemer, former Foundation Director

FOUNDATION HIGHLIGHTS

For more than 100 years, the Rockford Park District has been serving the Rockford community, and is grateful to the thousands of donors over the years that make your park district one of the best in the country. In 1914, Park Commissioner Levin Faust made this statement:

"The gratitude of the people of Rockford will always be an everlasting monument to the kind donors and their parents, who preserved these splendid properties, and finally, so unselfishly gave the same, free from all encumbrance, to the people of Rockford for their pleasure and recreation for all time to come."

Race to the Parks

Collins Aerospace employees, family members, and even four-legged members, raced to 93 parks and playgrounds on July 27, 2019, as a way to raise money for the Help Me Play Month of Giving. Collins Aerospace employees came up with the "Race to the Parks" initiative to support their Rockford Park District. By using social media to post a photo of each park to show the beauty and activity in the parks, they were able to raise \$4,497. "I had no idea there were over 100 parks in Rockford. It was important for us to raise awareness of all the District maintains, and highlight what more could be done for area youth with additional funding," said Jason Szalanski, Collins Aerospace Director of Supply Chain for Electric Power Systems. Thank you, Collins Aerospace!

Welcome to the Landing!

Thanks to a private donation, Rockford's newest downtown skate park was built, and will provide opportunities to keep youth active and engaged. Dan Jacobson, Superintendent of Operations at the Rockford Park District, stated, "We work daily to improve the quality of life for our citizens by providing a vibrant and relevant park system that increases property values, stimulates development, decreases juvenile crime, and improves our community's health." The skate park was funded entirely by a \$30,000 donation from the Smith Charitable Trust, which covered the cost to construct, remaining funds will be used to maintain and sustain the skate park over the years.

Fran Volz, Jay Sandine, Lori Berkes-Nelson, Gary Anderson, Mayor Greg Jury, Lisa Grigoletti, and Jeff Anderson

Eternal Flame Sculpture

The Field of Honor Memorial was dedicated on November 10, 1995, within the Arthur W. Anderson Peace Park. Art Anderson felt the need to honor veterans who gave their lives in the line of duty. Art's dream was to have an eternal flame at the Field of Honor as a moving, living reminder of our veterans. Located directly across from the Field of Honor on a raised, grassy, circular island now stands the Eternal Flame Sculpture. This was made possible through dedication of Art's sons, Gary, Jeff, and Steve, who worked tirelessly to secure the sculpture and financially made it possible to assure that their dad's dream was honored. The Eternal Flame was dedicated on November 9, 2018.

Dig In

On July 26, 2018, donors and sponsors of the Rockford Bank & Trust Pavilion went beyond their financial support and "dug in" to get landscaping and flowers planted prior to the grand opening of the Rockford Bank & Trust Pavilion at Aldeen Golf Club. Way to go!

Collins Aerospace employees, family and canines

Brenda Smith and Rick Engen

FOUNDATION HIGHLIGHTS CONT.

If you see a need in YOUR Park District, like many of these donors, please contact Lori Berkes-Nelson at 815-987-1675 or loriberkesnelson@rockfordparkdistrict.org

Rockford Park District Police K9

Kilo, the Rockford Park District Police Department's K9, received a generous donation from Country Financial. Jaxxon Ireland, who is seven years old dreams of becoming a K9 police officer someday, and wanted to raise money to help Kilo out with expenses such as food and medical care where it is needed. Jaxxon enlisted his mom Becca's help in securing a donation from Country Financial. Thanks, Jaxxon, for thinking of Kilo!

Lights On!

Eric Sonnenberg loved bringing his dogs to the Searls dog park, and enjoyed watching them run and play with other dogs. Eric loved it so much, he made certain that after his death, everyone could enjoy the dog park even at night. Eric's gift of \$60,000 made it possible to install lights around the dog park. On July 27, 2019, the new lights were illuminated in memory of Eric and his dogs. The remaining funds of Eric's planned gift will cover ongoing maintenance needs and the electric bill.

Mid-West Family Broadcasting

815 Ale Fest was held January 19, 2019, at the Indoor Sports Center at Mercyhealth Sportscore Two. More than 500 people came out in the snow to experience the many regional breweries, participate in games, and support Rockford Park District youth golf. Thanks to Mid-West Family Broadcasting for creating this first annual event.

100 Trees!

GE Aviation planted 100 trees in the parks on June 8, 2019, to celebrate its 100th anniversary. Employees and their families decided they wanted to leave a lasting legacy and help reforest our parks. Landstrom Park, Olson Park, Searls Park, and Clarence Hicks Memorial Sports Park received new trees that will bring shade and beauty to our parks for the next 100 years. Thank you, GE Aviation!

Lori Berkes-Nelson, Wes and Judy Englund, and Ken Geisler, golf course superintendent at Sandy Hollow

Beauty at the Golf Course

Wes and Judy Englund are an inspiring couple who love to give back to their community. Golf is part of their life, and they love playing at Elliot and Sandy Hollow. They saw a need, and wanted to contribute to beautification efforts at both of these courses. Thanks to Wes and Judy, the beautiful flowers, planters, and landscaping surrounding the golf clubhouse add joy to every golfer's experience.

HELP ME PLAY

In the late 1980s, the Rockford Park District provided 31 free Neighborhood Playground programs. Today, the Park District has had to cut that number to 11 due to budget cuts. Did you know that 1,500 youth between the ages of 5 and 12 participate in this program? But, do you know how many youth the Rockford Park District could serve if we had the revenue to expand our programs to the level of the '80s?

The Help Me Play program is designed to provide recreational experiences for all youth. The Rockford Park District is committed to make certain that all youth have the ability to participate in sports, camps, playground programs, and lessons. The need continues to grow each year.

In 2013, the Rockford Park District Foundation held its first fundraiser, called "Ties & Tennies." Funds raised at this evening event supported the Help Me Play program. This year, the Foundation decided one night of fundraising was not enough, and launched the Help Me Play Month of Giving campaign in July. Over \$60,000 was raised to specifically provide support for our youth programs. Thank you to our major supporters of this campaign: Aqua-Aerobic Systems, Bergstrom Manufacturing, Casey's General Stores, Chartwell Agency, Illinois Bank & Trust, Kiwanis Club of Rockford, Lana M. Engen, Aspire Financial Group, a private wealth advisory practice of Ameriprise Financial Services, Inc., Rydell Family Foundation, Scandrol Construction, Specialty Screw Corporation, Stenstrom Foundation, SwedishAmerican Health System, and Tyler's Landscaping.

Our goal is to raise \$111,000 yet this year, which is the same amount it costs to confine one youth in juvenile detention for an entire year. This amount could provide 130 children access to youth programs in the Rockford Park District for one year.

Studies show that play assists children with adapting to the society in which they live, and the world around them. The Rockford Park District has been providing safe, challenging, and engaging learning experiences for 110 years. However, since 1989, because of declining EAV/taxes and revenue, and increasing operating expenses, there has been a 64% decrease in dollars allocated for neighborhood youth programs. This leaves hundreds of children without something to do in the summer. We need help keeping kids safe.

Our vision is to help reduce juvenile crime by keeping youth active. We can do so by expanding youth sports programming, targeting youth in underserved areas of the community, extend and expand summer recreation programming, and increase programming opportunities that include character and skill development, and family empowerment.

You can help to restore youth programs, build new ones, and give every child in the community the opportunity to participate in active and structured play. Please give to Help Me Play by sending in your donation using the enclosed envelope, or give online at RPDFoundation.org.

As parents, grandparents, aunts, uncles, sisters and brothers, we must play a greater role in equipping today's youth for a successful future.

Sara, a first-time donor to the Foundation, gave \$10 online, and when asked what inspired her, she said:

"This past summer I needed help when I lost my job so my kids could still go to camp. It was donations like this that made that possible. I'm still not in a great place financially...but I wanted to try to give back a little. Thank you for what you do."

-Sara

SINNISSIPPI ROSE GARDEN – A NEW VIEW

Thanks to The Rockford area Gardeners of America and the Nicholas Endowment fund, it was possible to rethink and re-landscape the “sumac slope” along N. 2nd St.

Over the years, the slope had become overgrown with the original planting of sumac. Every year, the horticulture staff would spend many hours trimming it, but it became increasingly more dangerous to do so. Also, it grew so tall, that when driving along N. 2nd Street, you couldn't see the rose garden and the historic floral clock.

One of the priorities of the Rockford Park District Foundation was to raise enough money to remove the sumac and replace it with Prairie Dropseed (*Sporobolus heterolepis*). This not only allows for viewing from the passing cars, but also provides a beautiful backdrop for the rose garden from the Rock River Rec Path.

Prairie Dropseed was chosen because it is native to the area and drought tolerant. It is clump forming, with fine-textured medium green leaves that turn bronze in the fall. In approximately three years, the grass should be full grown at a height of 2-3 ft. and width of 2-3 ft. It also produces non-distinct seed heads that smell like popcorn.

Doug Harkness, Sinnissippi Riverfront Horticulture Supervisor, said, “I can't wait until the Dropseed is full grown, and see the whole slope waving back and forth when the breeze blows. It will be a beautiful sight.”

Not only was the rose garden slope re-landscaped, but also the seating area overlooking the floral clock. The old backless benches were removed, the stone walls were dismantled and re-laid, and the brick pavers were removed and leveled. Low-voltage lighting was installed for night-time visitors, and four large cast-iron planters were added, with beautiful summer flowers and cascading plants that will be changed seasonally by Nicholas Conservatory & Gardens staff.

“It is truly remarkable to see the view that has been opened up, allowing our gorgeous rose garden to be appreciated from North Second Street again. Our staff and contractors have worked collaboratively and successfully to improve the gardens, and will continue to maintain the gardens for many years,” said Dan Erwin, Manager and Curator of Nicholas Conservatory & Gardens.

Because of the beauty of the rose garden, families have come forward wanting to honor their loved ones. The benches were constructed of natural stone in memory of Steve Zimmerman. The large cast iron planters that anchor the seating area are in memory of Libby Clark. New cast iron benches grace the west lawn of the gardens in memory of Mike White Sr., Arthur and Kay Mattison, Mary and Ed Didier, and Eddie Didier, Darren Blaski, Debbie Bambino, and Josie Kent.

Walking among the roses has been part of many generations in Rockford since 1912. The tradition of going to the Rose Garden to have photos taken in prom attire, of a wedding party, or even an anniversary will continue for another 100 years.

ATWOOD PARK TRAILS – THE ADVENTURE AWAITS

On May 3, 2019, a groundbreaking ceremony was held at Seth B. Atwood Park to begin construction of Phase 1 of the trail system. Atwood Park Trails includes 4.5 miles of natural surface trails perfect for mountain biking, hiking, trail running, cross-country skiing, snowshoeing, wildlife exploration, and fat biking. Phase 1 also includes a 24-space asphalt parking lot, bike repair station, and bike wash station. These trails are perfect for beginner and intermediate users.

Phase 1 of this project was funded by a grant from the Illinois Department of Natural Resources, the Atwood Foundation, and more than 40 individual donors who contributed a combined \$464,000. “It is only because of private donations and grant money that Phase 1 became a reality and allowed us to build these trails without utilizing tax dollars. Trails are a top recreational amenity, and also an economic driver,” said Jay Sandine, Rockford Park District Executive Director.

“We are humbled to have received a very generous endowment gift that will assure the park will be maintained for future generations to enjoy,” said Lori Berkes-Nelson, Rockford Park District Foundation Director.

Seth B. Atwood joined the Rockford Park District Board of Commissioners in 1928, and served on the board for 32 years. Seth believed there were too few parks, and made it his mission to add more. He gave the Rockford Park District a 332-acre piece of land near New Milford, now known as Seth B. Atwood Park, home to the Atwood Outdoor Education Center, and now Atwood Park Trails.

Seth B. Atwood Park is located just south of Rockford in New Milford, Illinois, at 7074 Rydberg Road.

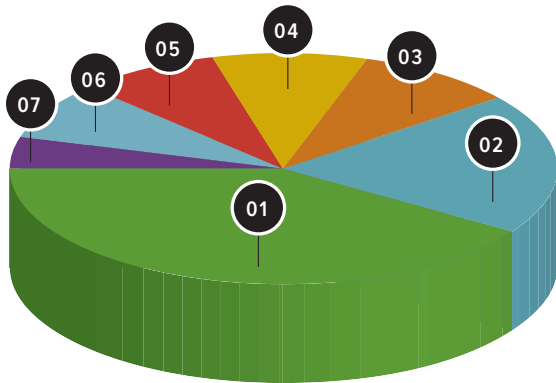

ROCKFORD PARK DISTRICT FOUNDATION FINANCIAL REPORT

For year ending December 31, 2018 (audited)

The Rockford Park District Foundation carefully manages the funds entrusted to us by our committed supporters. We are committed to creating impact from the philanthropic investments of our donors.

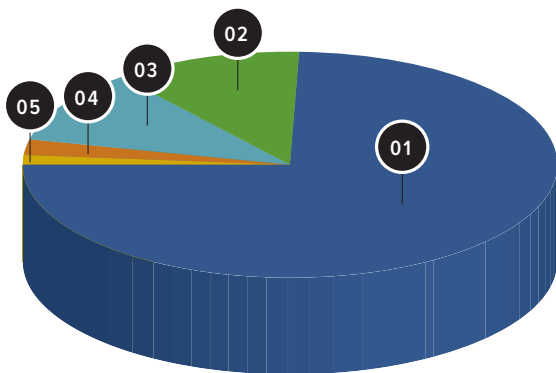

Total Revenues \$ 3,711,572

Total Expenses \$ 3,233,723

REVENUES

- 01 • Contributions **\$3,187,673** 85%
- 02 • In-Kind Donations from RPD **\$235,159** 6%
- 03 • Grants **\$114,355** 3%
- 08 • Donated Goods **\$54,282** 1%
- 03 • Pledge Revenue **\$52,790** 1%

- NA • Miscellaneous Expense **\$544** <1%
- NA • Bad Debt Expense **\$192,395** 6%

Rockford Park District Financial Realities

- For the sixth year in a row, the Park District Commissioners have elected not to increase tax dollars for its operating budget, saving taxpayers more than 3.5 million dollars.
- The Park District operates mainly on two revenue streams - property taxes, and fees charged for services. It does not receive sales tax, motor fuel tax, hotel tax, utility tax, etc.
- The minimum wage increase beginning Jan. 1, 2020 will impact the Park District budget by \$2 million over the next five years.
- Declining (EAV) Equalized Assessed Value has resulted in a loss of nearly \$1 billion to the Park District.

DONORS 2018 & 2019 THROUGH NOVEMBER 17, 2019
